2024 Regional Strategic Overview

Summary Document

The Regional Refugee and Resilience Plan

is a strategic coordination, planning, advocacy, fundraising and programming platform with over 270 humanitarian and development partners across five countries.

has channeled around US$ 24 billion since its inception in 2015.

is a regionally coherent plan that adopts a tailored approach to bring out country specific needs and priorities.

consists of one regional plan and five standalone country chapters, which align with existing government-led national response plans (e.g., JRP and LRP).

is centered on national leadership and capacities to achieve resilience for all, guided by the principle of 'leaving no one behind'.

is at the forefront of many programmatic innovations in support of national and local systems, using technology to increase efficiency and effectiveness, and supporting the self-reliance of refugees and host communities.
